# Digital Inclusion In School Education

Priority: Digital transformation (2021-27)
Subtopics: networking, ICT, 21st century, equal opportunities
Sector: SE

Number of participants: 30
Application deadline: 26 May 2023
Confirmation deadline for sending NAs: 2 June 2023
Confirmation deadline for organiser NA: 15 June 2023

Profile of participants:
SE KA2 projects holders willing to contribute to the
dissolving of the digital divide: more precisely - **social
inclusion project owners in school education with
experience in virtual implementation within projects**

Is NA staff welcome? Yes
Role of NA staff: presentation and workshop holder

Expected results: to become more able to involve people with fewer
opportunities, best practices shall be shared with the participants
that support inclusion with digital / virtual tools and methodology
(also, sociodrama as an impact measure on social inclusion with
people living in vulnerable situations will be introduced and used)

Selection criteria for possible participants:
- Social inclusion projects in the field of school education
- With experience in virtual implementation within their projects
- Running or just started (where there is enough time left to adjust)
