BILDUNG FÜR EUROPA

## Objectives

*TCA Green Erasmus: A contribution to Europe's green transition?! takes stock of the experiences gained in implementing the horizontal priority "Environment and fight against climate change" in Erasmus+. It presents the projects' contributions to date and the potential for future projects. A special focus will be on mobilities. The TCA intends to identify the role and contribution of Erasmus+ to Europe's green transition, to transfer best practices and to enable participants to learn from each other. It is open to the sectors Vocational Education and Training (VET) and Adult Education (ADU) in both key actions (mobilities and cooperation partnerships).*

**Moderation:** Sébastien Thierry, Founder and president of OPEN for Europe
