TCA DESCRIPTION

Themes and goals: There is an ongoing growth of elderly people and other adults all over Europe

> willing to learn and gain new ideas. This requires innovative pedagogical concepts and approaches that address adults' lifelong learning needs.

Erasmus+ Mobility projects and Strategic partnerships offer the opportunity to share, develop or transfer innovative practice to respond to these needs. This activity is also in line with the new European initiative Upskilling Pathways: New Opportunities for Adults. The contact seminar aims to bring together participants with similar project ideas on this topic in order to develop KA2 project proposals and to gain new contacts for the KA1 mobility projects. The NA will provide a forum for an exchange of ideas via EPALE (Electronic Platform for Adult

Learning in Europe) prior to the contact seminar.

Expected results: The aim of the activity is to share good practice, networking, project

> management and inspiration. Participants will find motivated partners with similar project ideas and will jointly draft good quality KA1 or KA2 project

proposals for the next Erasmus+ selection round.

Additional We are looking for partners that would be willing to send participants, we do not

expect any financial or organisational support. information:
