### TCA DESCRIPTION

<b>Themes and goals:</b>	The participation of people with fewer opportunities is of paramount importance for our future. In this international seminar for teachers, we aim to address one of the main challenges that teachers face nowadays: increasing diversity in the classrooms and identifying the best practices in including students with fewer opportunities. Inclusion and diversity are among the key priorities of the Erasmus+ programme, therefore it is important to be aware of potential obstacles that would prevent someone from taking part in the projects, and effectively get rid of them. Participants will broaden their European contacts' network and will gain new connections for collaboration at an international level on the themes addressed.
<b>Expected results:</b>	<ul style="list-style-type: none"> <li>• Ensure proper introducing of Programme rules on the concept of fewer opportunities and establish a common understanding of those who may be considered participants with fewer opportunities and discussing including them in projects</li> <li>• In exchange with each other and with the help of experts in the field, the participants will discuss and develop concepts for inclusion in their prospective institutions and will know how to diversify their potential projects</li> <li>• The seminar will offer networking opportunities for school staff to find partners and initiate new projects (mobility projects (KA1), cooperation projects (KA2), eTwinning projects)</li> <li>• The seminar will highlight ways in which schools and teachers can profit from participating in Erasmus+ programme</li> </ul>
<b>Additional information:</b>	The Czech NA covers accommodation for 3 nights (16.5. check-in; 19.5. check-out). Participants will be accommodated in single rooms.
