TCA DESCRIPTION

Themes and goals: TCA Green Erasmus: A contribution to Europe's green transition?! takes stock

of the experiences gained in implementing the horizontal priority "Environment

and fight against climate change" in Erasmus+. It presents the projects'

contributions to date and the potential for future projects. A special focus will be on mobilities. The TCA intends to identify the role and contribution of Erasmus+ to Europe's green transition, to transfer best practices and to enable participants to learn from each other. It is open to the sectors Vocational Education and Training (VET) and Adult Education (ADU) in both key actions (mobilities and

cooperation partnerships).

Expected results: The participants learn about the role and contribution of Erasmus+ to Europe's

> green transition, get insight view of good practices, learn from each other. They discuss and design together new project ideas for the green transition and find

cooperation partners.
