TCA DESCRIPTION

| | |
|--------------------------------|---|
| Themes and goals: | This TCA is a thematic online Contact Making Seminar, which offers the opportunity to: learn about the new funding opportunities in Erasmus+ in the field of school education (focus on Key action 1: pupil mobility and teacher training); exchange experiences across borders about climate change and environmental issues; get inspired by best practice Erasmus+-school projects on green topics and learn about the concept of blended mobility in the Erasmus programme; explore eTwinning and learn about the digital collaboration opportunities of the platform; get to know potential project partners from all over Europe; learn how to apply for a project and develop first steps towards an Erasmus+-project for newcomers. |
| Expected results: | The participants: will acquire the know-how to apply for a school mobility project under Key action 1 in the new Erasmus+ programme will acquire the know-how to start a project on the eTwinning platform; will be connected to teachers in other programme countries with similar interests in "green" initiatives who could be partners in future projects; will learn from best practice projects and experienced project coordinators and understand what makes a good quality project (concepts for learning mobility and blended mobility, thematic cooperation projects). The concrete results of the seminar would be successful project applications under Erasmus+ and new Erasmus+-eTwinning projects launched on the platform. |
| Additional information: | The seminar will take place on Wednesday 10.03.2021 from 2 p.m. to 5 p.m. and on Thursday 11.03.2021 from 9 a.m. to 3 p.m (CET). Since participation requires registration on the eTwinning platform, we kindly ask all participants to register on www.etwinning.net before the seminar. All participants receive a |

Certificate of Attendance for this training after the seminar. We kindly request our participants to download the required communication tool before the meeting and to use a camera and a headset with a microphone. Furthermore, we invite all participants to register on the eTwinning platform before the seminar.
