TCA DESCRIPTION

Themes and goals:	<p>This online event is designed for schools working inclusively and special needs schools. Working with students who have fewer opportunities or special educational needs often makes it more challenging to find the “right” partner institution abroad for successful project work. This event aims to support you in overcoming these challenges and make it easier to start or continue European exchange. Within this online meeting you will connect with teachers from numerous Erasmus programme countries who work in similar contexts. The Erasmus programme priority “Inclusion and Diversity” embraces several dimensions: European exchange and mobility should also be accessible to people living in disadvantaged regions, those with health or physical impairments, individuals from families with a migration background, or those who lack the necessary material resources due to personal circumstances. For the Erasmus programme, inclusion is a key contribution to strengthening shared European values such as democracy and human rights. You are free to choose the topic of your projects together with your partners.</p>
Expected results:	<p>During this online meeting you will connect with teachers from numerous Erasmus programme countries who work in similar contexts.</p>
Additional information:	<p>We ask all participants to choose a quiet setting for this event and make sure, that both your camera and microphone are working. Please enter the meeting about 10 minutes in advance to be able to test that everything is working. Also, in order to support the partner finding concept and increase the success of this event, it would help if each of you uses their own computer. Please be careful: The Time Zone is CEST</p>
