### TCA DESCRIPTION

<b>Themes and goals:</b>	The aim is to set the start of a durable collaboration between the different agencies involved in the LTA project. The event will be the occasion to share national best practices on the theme of civic engagement and on the management of the actors supporting the work of the Agencies in the different sectors. In addition, the event will be the first occasion to start a training programme on civic engagement, active participation, and on the opportunities Europe can give
<b>Expected results:</b>	The event will start the collaboration between Agencies on the civic engagement topic and on the management of the networks of the actors involved whether they are Ambassadors, Role Models or Alumni. The goal will be to start the discussion on the constitution of an integrated and synergic group of people trained and ready to disseminate – among students, teachers, and adults – communitarian opportunities and to build up a common sense of belonging to Europe
<b>Additional information:</b>	The event is part of a plan of National and International events together with national Agencies involved in the LTA P.E.A.C.E. The Italian Agency will collaborate with two Partner Agencies in order to organise and promote two more International Conferences in mid-2023 and mid-2024. Finally, at the end of

2024, a final dissemination event will take place in order to summarise the final results achieved during the entire LTA P.E.A.C.E. The Plan foresees, in addition, national events involving Ambassadors, Role Models and Alumni, in order to disseminate activities on the different territories. In particular, the first Italian national event will be held in Turin (Italy) in November 2022. The event will start on the late afternoon on the 18th of December (around 7.00 pm) and it will finish the 20th of December with a typical dinner. The Italian NA will cover the following meals: dinner on the 18th, 19th and 20th December and the lunch on the 19th December. The lunch on the 20th won't be covered.

### Rationale and background:

The results of this LTA could be really important and effective, such as: • Reinforcing European identity and sense of belonging, through the means of civic engagement dissemination activities; • Creating synergies among networks of Erasmus Alumni/Ambassadors to improve communication about Erasmus+; • Spreading European opportunities with citizens; • Encouraging newcomer's participation through real life Erasmus experiences; • Raising awareness among the network of the challenges of the European Union and the active role of EU citizenship in green & digital transition and social inclusion.

### Challenges:

More specifically the challenges are To unify the networks of Ambassadors, Alumni and Role Models between different countries to create an extensive organisation of People committed to carry the messages of the European Commission and create a sense of civic belonging to Europe. To create stable relations with the Institutions on the territory, to collaborate in promoting and organising activities on the territories to consolidate and direct the civic engagement. To create a structure of national Observatories that can periodically measure, by means of indicators, the improvements on the themes promoted by the European Commission (internationalisation, civic engagement, inclusion, green, digital, etc.) to identify the critical areas and design, together possible corrective actions. To define a program of events to be repeated periodically on the territory. Starting in Italy at regional level, involving institutions, networks of Ambassadors, Alumni and Role Models and targeting teachers, territories and citizens. To organize international events in which Alumni/Ambassadors meet and create multi-country groups to go and meet students and teachers together, bringing a message of common intent and union of cultures and races. To foster synergies between funds in order to increase the number of mobilities and projects granted, and to promote civic participation in European life.

### Planned Activities:

Next week the final event of the TCA-Role Model will take places in Florence. The TCA has started the works for the constitution of the Role Model network, developing tools and methodologies for its constitution and management. Moreover in September 2022 the Italian NA will organize a

National event and in December 2022 an International event. In 2023 an International TCA will be organized by the Swedish NA and by the French one. In 2024 the Spanish NA (SEPIE) will organize an event and Italy will plan a dissemination event in December 2024.

**Expected results:**

More specifically the goals are: To unify the networks of Ambassadors, Alumni and Role Models between different countries to create an extensive organisation of People committed to carry the messages of the European Commission and create a sense of civic belonging to Europe. To create stable relations with the Institutions on the territory, to collaborate in promoting and organising activities on the territories to consolidate and direct the civic engagement. To create a structure of national Observatories that can periodically measure, by means of indicators, the improvements on the themes promoted by the European Commission (internationalisation, civic engagement, inclusion, green, digital, etc.) to identify the critical areas and design, together possible corrective actions. To define a program of events to be repeated periodically on the territory. Starting in Italy at regional level, involving institutions, networks of Ambassadors, Alumni and Role Models and targeting teachers, territories and citizens. To organize international events in which Alumni/Ambassadors meet and create multi-country groups to go and meet students and teachers together, bringing a message of common intent and union of cultures and races.
