<b>Additional information:</b>	This shared capacity-building event aims to be an opportunity to discuss the activities financed at European level, combining other national or regional funds, in favour of young people, their education and training focusing on their growth and employability.During the two-days event there will be the chance to share and compare the experiences of the different countries that have already experimented with good practices by making synergy in collaboration with MAs, Erasmus+ NAs, and with other entities such as banking foundations.The

INDIRE agency will bring examples that are being carried out at regional level, such as the experience in Piedmont linked to the potential synergy with funds dedicated to VET
