TCA DESCRIPTION

Themes and goals:	<p>Are you interested in creating a project for a small scale partnership? Are you new to the program Erasmus+ Key Action 2 or have little experience with it? Are you looking for partners for your project? Maybe you don't know where to start and how to come from an idea to a project? If the answer to these questions is yes, then this contact-making seminar is for you! The contact-making seminar is designed for newcomers to the program, who have little or no experience in Erasmus+ Key Action 2. We will be facilitating the TCA through the specific parameters of Small-scale Partnerships (KA210), our goal is to help the participants to navigate through some of the initial challenges.</p>
Expected results:	<p>Overall Goal: to introduce potential applicants for small-scale partnerships of the "Erasmus+" programme to the basics of project planning and inspire international partnerships. The participants will: get to know the specifics of Erasmus+ small-scale partnership projects; create new networks and find potential project partners; familiarise themselves with tools needed to turn their idea into a project plan: from refining the idea, identifying the need for innovative products, quality assurance to measuring the benefits and publicizing the results; have space to share and discuss their project ideas.</p>
Additional information:	<p>Target group: less experienced organisations and newcomers to the program (representatives of organizations without Key Action 2 application experience) from various types of organizations: kindergartens, general, vocational education schools, various adult education providers, third-age universities, libraries, museums, communities, non-governmental or other types of organizations. In case there are several participants coming from the same</p>
