

Creative use of learning applications in school education

MAIN INFO

SALTO E&T link:	https://salto-et.net/events/show/LU01_0340_THO_2022		
Sector:	SE	Priority:	Digital transformation (2021-27)
Scope:	Transnational		
Type of presence:	Face-to-Face	Venue country:	Luxembourg
Venue city:	Luxembourg	Working language:	English
Key Action:	Not applicable	TCA documents:	Draft programme.pdf
Postponed:	No	E+ Academy:	No
Start date:	19.10.2022	End date:	21.10.2022
Subtopic:	ICT		

TCA DESCRIPTION

Themes and goals:	The event will focus on the creative use of learning applications in the school education sector. The activity will provide an open forum for participants:- to exchange on the use of learning applications that can support the teaching of science subjects as well as of languages- to discover or present practical examples and share views and aspirations on the use of learning apps in the classroom to enhance pupils' digital skills in a creative way - to network and achieve a mutual support system for the digitalisation strategies of individual schools. Target group Secondary school teachers and head teachers.
Expected results:	Participants will be able to find new partners from other European schools, share best practices and present their own ideas. They will also discover new ideas and methods to put into practice in their own schools and will have developed new potential Erasmus+ cooperation project ideas.
Additional information:	Participants should bring their own laptop and make sure to have an eTwinning account.

PARTNERS AND PARTICIPANTS

Organiser NA:	LU01 - Anefore a.s.b.l
Number of participants:	50

Target group:

Erasmus+ Programme experience level:

Profile of participants: Secondary school teachers and head teachers

Participants per country: 10 - Luxembourg 5 - Any

Sending partner(s) - Booked places: AT01 - 2 | BE02 - 4 | DE03 - 3 | EE01 - 2 | FI01 - 2 | HR01 - - | HU01 - 2 | IE01 - - | LT01 - 4 | LU01 - - | LV01 - 3 | NL01 - 3 | PL01 - 3 | SK01 - 2 | SE01 - -

Pending Sending partner application(s) - Booked places:

-

Accepted Sending partner(s) - Accepted places: AT01 - 2 | BE02 - 4 | DE03 - 3 | EE01 - 2 | FI01 - 2 | HR01 - 3 | HU01 - 2 | IE01 - 2 | LT01 - 4 | LU01 - 10 | LV01 - 3 | NL01 - 3 | PL01 - 3 | SK01 - 2 | SE01 - 2

Pending booked places: 0

Accepted places: 47

TCA PARTICIPANT APPLICATION

Start date of TCA Participant Application: 05.08.2022 **Application deadline:** 15.09.2022

Confirmation deadline for Sending NAs: 19.09.2022 **Confirmation deadline for Organiser NAs:** 21.09.2022

LONG-TERM ACTIVITY INFO

Title: Digitalisation in School Education- LTA

Coordinator: HU01 - Tempus Public Foundation **Priority:** Digital transformation (2021-27)

Subtopic: teaching | ICT | research | 21st century **Sector:** SE

Country: Czech Republic | Estonia | Germany | Hungary | Ireland | Luxembourg | Malta | Netherlands | Slovakia **Working language:** English

Start date: 01.2021 **End date:** 06.2024

Rationale and background:	<p>Due to rapid technological development and a growing need for sustainability, digital teaching and learning in education had already been in focus for a while prior to the pandemic – a paradigm shift towards digitisation in education was already underway. Current events have accelerated the paradigm, making way for a new normal. The Covid-19 pandemic and the physical distancing that followed have affected all walks of society, also education. In order to keep education running, educational institutions have had to quickly adapt to the situation. This has resulted in an unprecedented push to digital teaching and learning.</p>
Challenges:	<p>Digitalisation offers many opportunities, but also presents many challenges. Reinvention is not always a choice. The coronavirus is permanently reshaping the way we live, teach and learn. Some of the behaviours developed in crisis — including wide-scale digital adoption — will outlast the pandemic, well after restrictions on activity are lifted. Digital transformation in education is more necessary during this crisis, not less. Resources — both in terms of talent and money — will likely be constrained. Digital initiatives may need to be reprioritised based on relevance in the current environment. New problems and opportunities may come to light with greater urgency. Digital transformation roadmaps are needed. It is key to continue to experiment and innovate with digital solutions. It is vital to train target groups to use existing digital methods more effectively and create new ones as well.</p>
Planned Activities:	<p>The overall aim of this long-term activity is to encourage educational institutions across Europe to use lessons learnt during the Covid-19 pandemic, and create state-of-the-art and update existing methodologies for digital learning at individual, community and institutional level; and to use them strategically in the future. thereby influencing Erasmus+ Programme and policy objectives at national and EU level We are planning to proceed the topic during the available time frame through seminars and research activities on three levels: Seminars: 1st (individual) level: key actors, teachers, school staff, etc. – aiming to improve digital awareness, skills and competences, to enrich methodology, and to facilitate digital content creation as well as to encourage the use of existing platforms such as e-Twinning, etc. 2nd (community) level: networking among teachers in the online space – aiming to facilitate communication and collaboration to be channelled into classroom teaching by learning from one another as well as emphasising the use of existing platforms such as e-Twinning, etc. 3rd (institutional) level: school leaders, decision makers – aiming to upscale and support digital transformation into institutional level. Research: Through activities of the LTA 2021-2024, participants are supposed to learn about existing and tested practices that can be incorporated into their own strategies as well as identify possible gaps leading to further and better Erasmus+ projects and encourage the development of state-of-the-art solutions. LTA continues to welcome any NAs wishing to adopt Digital wellbeing programme realized by HU01 to implement in 2022/23 budget year as organizers wishing to examine any other aspect of digitization in schools as an organizer, or co-organizer/co-financing partner in any other activity implemented by other national agencies, or of course as sending participants to any LTA-supported event.</p>
Expected results:	<p>The expected impact of the LTA in ascending order of policy effect: Coordinating</p>

LTA in Digitalisation with research, events, study visit for quality projects in E+Supporting Erasmus+ programme with high quality Digitalisation projectExploiting E+ project results in the development of SE actors, institutions in the field of digitalisationUpscaling project results to policy level for improving E&T sector
