TCA DESCRIPTION

Themes and goals:	<p>The main goal of the event is to deepen the understanding of the Erasmus+ programme priority “Environment and fight against climate change” for successful practices of green transition within Erasmus+ 2021-2027 projects to support sustainable growth and environmentally responsible behavior. Through networking, exchanging ideas, and sharing experiences, participants will gain new knowledge and experience about sustainability and environmental issues. The networking will start with an exciting role game on climate discussions. Speakers on various green practices and sustainability will share their stories and know-how. Participants will have a chance to earn points for their team for carbon footprint estimation of different products and activities. We will add to participants understanding, evaluation, and communication skills about energy consumption, transportation, waste, bioeconomy, and life cycle assessment. Finally, you will be invited to experience a site-visit.</p>
Expected results:	<p>To deepen the comprehension of the priority “Environment and fight against climate change” within the Erasmus+ 2021-2027, covering EU Policy framework, support mechanisms, guidelines, international and national contexts, useful resources and practices for the implementation of green transition within the Erasmus+. Participants of TCA will: learn about the Erasmus+ programme; learn about the Erasmus+ priority “Environment and fight against climate change” in the context of preparing and implementing Erasmus+ projects in different sectors; learn about different support mechanisms and practices for the implementation of the green dimension within the Erasmus+; develop new contacts and partnerships; exchange ideas and discuss future cooperation.</p>
