Working in plenary and smaller action-based groups, the focus will be on enhancing the capacity of participants to successfully embed impact-related goals, indicators, measures and tools into future funding applications. The event will be centred around four key elements for INSPIRATION (hearing from experienced practitioners), IDEATION (confirming systemic or institutional development goals and aligning these with programme-level ambitions for transnational partnership or mobility), COLLABORATION (working with peers to apply lessons learned in action-based groupwork) and PROMOTION (sharing groupwork results with wider participants others in guided plenary sessions). Activities: During this event, participants will learn from experience whilst also working in groups of national and transnational peers, exchanging experiences, testing and applying new knowledge, and sharing groupwork results.</p>
Expected results:	<p>By the end of this networking and capacity-building event, participants will be able to: RELATE the purpose and benefits of monitoring and promoting impact in Erasmus+ partnership and mobility actions. DETERMINE which impact tools and strategies are best suited to your institution, field of education and beneficiaries.
