LONG-TERM ACTIVITY INFO

Title:	LTA Accreditation

building in impact and dissemination

Start date:

01.2021

End date:

06.2024

Rationale and background:

Erasmus Accreditation is a new way to access mobility activities under the new Erasmus Programme (2021-27). The aim is to make the planning of Erasmus mobility projects more strategic, have a significant impact of the projects at institutional level, better correlate with EU educational policies and/or objectives. To achieve the above objectives, the new Programme has been designed to make it easier for organizations to access. With Erasmus accreditation, organizations only need to be accredited once to receive funding for Key Action 1 mobility activities during the seven years of the Programme. Key Action 1 supports organizations in delivering professional and personal development opportunities for learners, teachers and trainers and other education staff. Each Erasmus Accreditation covers one of three fields of education:

1. Adult Education (Including formal, informal and non-formal education)
2. Vocational Education and Training (Including initial and continuing vocational education and training, and work-based learning in all of its forms)
3. School Education (Including early childhood education and care, pre-primary, primary and secondary schools)

For further information please refer to the Padlet Platform of the LTA cooperation.

Challenges:

The overall aim of the long-term activity is to help project promoters with the drafting of their Erasmus Plan: drafting the strategic objectives of the accreditation and its possible impact on the organization. (The Erasmus Plan should cover at least two years and extending it further will not require a new application.) The added value of the LTA is making contact with other organizations that apply for Erasmus Accreditation, to support project coordinators to maintain the quality standard of mobilities during the accredited period, thus achieve the expected impact on their organization. The added value of the LTA is sharing know-how with other organizations in the topic. The specific aim is that the LTA will be an umbrella, covering the different work packages: thus Erasmus Plan, Quality implementation and impact of Accreditation has a common understanding and similar level of implementation. For further information please refer to the Padlet Platform of the LTA cooperation.

Planned Activities:

The activities are divided into work packages (WP). WP 1 is the coordination of the long-term activity on Accreditation. It covers the scheduling, the matching of activities to one another, the monitoring of the activities, the harmonising of WPs. WP 2 is focused on New-comers to Accreditation where the focus of TCA is on strategic planning, on the so-called Erasmus Plan. The expected outcome of the WP is to help newcomers to get accreditation. The output of the WP: Defining steps of strategic approach/Erasmus Plan objectives (your organizational strategy)/expected impact on your organization. Added value: While developing strategic thinking and Erasmus Plan together with other partners, finding Erasmus Accreditation project partners. WP 3 is focused on national experts of Accreditation where the focus is on the assessment criteria and methods of Accreditation. WP 4 is focused on Accredited project managers

who need to evaluate their own accreditation and improve it. Erasmus Plan needs updating during the years, and doing so one needs tools for evaluation and impact measurement. The outcome and output of this WP would be a discussion or a checklist of quality criterias of Accreditation. How to ensure that project outcomes meet project goals. How strategic thinking is maintained throughout the accreditation with an impact on the organization. The added value of this WP is: supporting monitoring. Organizations can peerlearn from each other by meeting with their European counterparts. WP 5 is focused on national experts of Accreditation where the focus is on the quality of implementation of Accreditation. How to guarantee the quality throughout the Accreditation period. WP6: cross – sectoral “summit meeting” of past TCA participants to exchange experience what impact Accreditation brought to their organizations, share experience amongst the sectors. This summit meeting would be the synthesis of the WP outcomes. The outcome and output would be very committed project promoters who could disseminate Erasmus Plan strategic thinking or/and evaluation and impact measurement skills on National TCAs. The added value: commitment of participants, ensuring their role as national multipliers. Involvement of NAs that would organize national TCAs. Building a network of committed Accredited organizations all over Europe which can help to build the European Education Area. WP7 synthesis report (recommendation, collection of good practices, preparing a base survey for a future potential Research Plan maybe in the new period to measure impact of Accreditation etc.) coming from WP6 activity the Planned output is a synthesis report with recommendations. WP8 dissemination - National multiplication TCAs on Accreditation strategic approach and implementation quality, impact measurement. With the involvement of NAs that would organize national TCAs, using the participants/beneficiaries and national experts of WP2-3-4-5-6 as multipliers for sharing good practices. Please refer to the Padlet Platform of the LTA cooperation.

Expected results:

Each type of WP has its own planned outcomes, detailed above. The outcomes of the overall LTA as it follows: stroger collaboration of NAs while organizing their own TCAs in the same Accreditation topic TCAs within the LTA use all materials available on TEAMS, partners can turn for support to each other. synthesis report with recommendation, collection of good practices, and preparing a base survey for a future potential Research Plan maybe in the new period to measure impact of Accreditation etc. For further information, please refer to the Padlet Platform of the LTA cooperation.
