<b>Subtopic:</b>	capacity building in impact and dissemination		

### TCA DESCRIPTION

<b>Themes and goals:</b>	<p>The training will be a combination of plenary session and sessions in sub-groups. During the sessions in sub-groups, we will be working on exercises. During the training we would like to use a real-life case when working on assignments in your sub-group. As monitoring requirements differ between Key Actions, we will be working with sub-groups based on the Key Action you work in. This means that we will ask you to indicate which Key Action has your interest and to think of a project within that field. Once the sub-groups have been formed you can share a description on a project that you want to propose. The sub-group decides which case to use. There will be a group working on KA120+KA121, a group for KA210 and a group for KA220. During the training, the sub-groups will spend some time on getting to know the basics of the selected project before the training. When your case is selected we ask you to share the basic documents with your group, applications, assessments and when possible a monitoring report. We request that you meet in order to discuss the project in some depth prior to the training.</p>
<b>Expected results:</b>	<p>After this training, participants:</p> <ul style="list-style-type: none"> <li>• have reflected on what how monitoring could work within in the context of their key action;</li> <li>• have analysed monitoring requirements for their Key Action, including those in the new proposed delegated act;</li> <li>• can develop a monitoring plan based on the information needs of different stakeholders;</li> <li>• have practiced analysing the relevant indicators,</li> </ul>

including those of the horizontal priorities.

**Additional information:**

This TCA is open only for NA staff of the 10 countries in the core group of the LTA. Application process not via SALTO, but via NAs and online registration link. The training will take place in Amersfoort (NL) from 10 May until 13 May (programme from Wednesday evening 10 May until Friday evening 12 May). The focus will be on monitoring, so we will invite NA STAFF only, working for KA120/KA121, KA210 and KA220.

## PARTNERS AND PARTICIPANTS

**Organiser NA:** NL01 - National Agency Erasmus+ Education and Training

**Number of participants:** 40

**Target group:**

**Erasmus+ Programme experience level:**

**Profile of participants:** The focus will be on monitoring, so we will invite NA STAFF only, working on monitoring of KA120/KA121, KA210 and KA220 projects. We can host 3 to 4 staff from each of the 10 NAs in this LTA, preferably one from each of the three key actions mentioned.

**Participants per country:** 4 - Netherlands | 4 - Austria | 4 - Belgium | 4 - Cyprus | 4 - Czech Republic | 4 - Finland | 4 - Malta | 4 - Portugal | 4 - Romania | 4 - Slovenia

**Sending partner(s) - Booked places:** AT01 - 4 | BE02 - 4 | CY01 - 2 | CZ01 - 4 | FI01 - 4 | MT01 - - | RO01 - 3 | SI01 - - | PT01 - -

**Pending Sending partner application(s) - Booked places:** -

**Accepted Sending partner(s) - Accepted places:** AT01 - 5 | BE02 - 4 | CY01 - 2 | CZ01 - 4 | FI01 - 4 | MT01 - 2 | RO01 - 3 | SI01 - 4 | PT01 - 3

**Pending booked places:** 0

**Accepted places:** 31

## TCA PARTICIPANT APPLICATION

**Start date of TCA Participant Application:**

**Application deadline:**

**Confirmation deadline for Sending NAs:**

**Confirmation deadline for Organiser NAs:**

## RESEARCH TYPE LONG-TERM ACTIVITY INFO

<b>Title:</b>	Research LTA on Impact, Monitoring and Evaluation of Erasmus+ projects		
<b>Coordinator:</b>	NL01 - National Agency Erasmus+ Education and Training	<b>Priority:</b>	Increase the quality of programme implementation (2021-27)
<b>Subtopic:</b>	evidence based research	<b>Sector:</b>	SE VET HE AE
<b>Country:</b>	Austria   Belgium   Cyprus   Czech Republic   Finland   Greece   Malta   Netherlands   Portugal   Romania   Slovenia	<b>Working language:</b>	English
<b>Start date:</b>	01.2022	<b>End date:</b>	06.2026

### Rationale and background:

The commission places great emphasis on the importance of impact of the Erasmus programme. Applicant organisations and National Agencies are challenged to increase the quality and visibility of programme results. Considering the reach of the Erasmus programme in terms of its (inter) national context, priorities, education sectors and funding modalities impact can come in many different shapes and forms. Recognising what impact is in a specific context and determining an impact approach that supports the further development of impact is a challenging task for all stakeholders involved. This long term TCA aims at a systemic change in the way NA's applicant organisations and experts design, implement and monitor projects and mobilities, it seeks to develop skills, tools and attitudes that enable NA staff, assessors, and beneficiary organisations to improve the programme's effectiveness. In doing so it recognises the mutual dependency that exists between the stakeholders in achieving programme results, and the joint effort that is needed to develop and implement, a coherent, impact driven programme. The outcome of this process will be a mutual understanding of what impact is, supporting tools that help ensure that impact is an integral part of project design and insights into research methods and research results that are useful in designing and measuring for impact.

### Challenges:

To arrive at a systemic change in the way NA's applicant organisations and experts design, implement and monitor projects and mobilities, it seeks to develop skills, tools and attitudes that enable NA staff, assessors, and beneficiary organisations to improve the programme's effectiveness. In doing so it recognises the mutual dependency that exists between the stakeholders in achieving programme results, and the joint effort that is needed to develop and implement, a coherent, impact driven programme.

### Milestones/Planned Activities:

2022:Project meetings.Setting-up structure for LTA; study into need for impact support and training design.Training design and collection of current tools in use by NAs.2023-2025:Training sessions impact, monitoring and evaluation for

stakeholders (in 2023 impact and monitoring training events for LTA partners only).Implementation study on research design.Development of impact tool package.2025-2026:Dissemination workshop reiterating research findings and LTA outputs to wider audience.

**Expected results:**

Outputs  
Three transnational studies :  
 - A study analysing context specific need for impact support mechanisms in participating countries.  
 - A study leading to the development of research guide for impact in E+.  
 - A study leading to the development of a communication and dissemination guide for impact results.  
 National level studies and methods translated and disseminated to wider E+ community  
 Further development of supporting e-tools for project design and monitoring for NA's, assessors, beneficiary organisations of running projects.  
 Thematic workshops for E+ beneficiaries, applicants, NA Staff and external experts improving their ability to proactively drive programme results.  
 A conference to synthesize and disseminate the output of the TCA  
 Expected outcomes:  
 - Understanding of the nature and development of outcome and impact level results in the context of E+.  
 - Extended use of national research results E+ community.  
 - Relevant design and monitoring tools and research methods for impact.  
 - E+ stakeholders understand their roles and responsibilities with regard to the development of programme results and jointly work towards better impact of the programme.  
 - E+ stakeholders are better able to steer towards better programme results through planning and monitoring.  
 - Impact approaches internalized in participating NA's

**SINGLE ACTIVITIES CONNECTED TO THIS LONG-TERM ACTIVITY**

- NL01\_0463\_THO\_2023 LTA Impact, Monitoring & Evaluation - Training Monitoring
- NL01\_0578\_THO\_2024 Training Impact Design for NA Staff and Experts/Assessors
- CY01\_0676\_THO\_2024 LTA Impact, Monitoring & Evaluation - Training Monitoring
- CZ01\_0687\_THO\_2024 Training Impact Design for NA Staff and Experts/Assessors
