### TCA DESCRIPTION

<b>Themes and goals:</b>	NO01 invites to a national seminar for Erasmus+ projects focusing on green transition and sustainability. The seminar "Greening my project: A training for beneficiaries on the Green priority in Erasmus+" offers project coordinators the opportunity to strengthen their competence in climate and environmental issues, and to gain concrete tools to make their projects more sustainable—regardless of the project's theme. Through a varied program, participants will gain insight into sustainability as a priority in Erasmus+, and how to integrate environmentally conscious choices into all phases of a project. The seminar combines expert presentations, interactive workshops, and project visits, and facilitates experience sharing and networking among project leaders from across the country.
<b>Expected results:</b>	The participants leave the seminar with increased knowledge about climate and the environment, are more familiar with relevant tools and resources, and have increased their preparedness to reduce the climate footprint of their projects.
