Number of participants: 70

Target group:

Erasmus+ Programme experience level:

Profile of participants: Newcomers to Erasmus+ Cooperation Partnerships are especially welcome. We also welcome non-academic institutions that actively collaborate with higher education institutions or which aid the development of higher education. Applicants who were previously unsuccessful in their application for financing of an Erasmus+ Cooperation Partnerships (KA220) are also encouraged to apply. Individual participants should be directly involved in the development of project proposals, with academic and international development staff equally welcome. In all cases, we are looking for participants willing to discuss real project ideas with potential project partners and who are able to share what they learn within their own teams and institutions.
