Schools submitting applications to Erasmus+ often present low awareness of preparing coherent proposals in terms of needs analyzes, formulating goals, actions, results and adequacy to Erasmus+ priorities. Responding to this diagnosis a goal of the event is to support teachers and headmasters in professionalization of their knowledge and skills within planning of educational international cooperation projects in areas of: needs analyses; formulating of project goals; creating activities, including learning mobilities; planning of project results; Participants will work in teams on the draft of projects concerning their interest. As a consequence we want to increase number of good quality partnerships in school education sector.

Expected results: Participants will broaden their knowledge and skills concerning project planning. Participants will find potential partners for projects and will create drafts of the projects.
