TCA DESCRIPTION

Themes and goals:	The main purpose of the event is to empower participants with knowledge related to impact, with a particular emphasis on monitoring and evaluation. The training is a result of the Impact LTA, coordinated by the Dutch National Agency. Participants will also receive supporting materials. The key objective of the event is to learn how to develop a monitoring plan based on relevant stakeholder information, to define meaningful indicators, and to acquire the skills to analyse them effectively.
Expected results:	After this training, participants: Have reflected on what how monitoring could work within in the context of their key action. Have analysed monitoring requirements for their KA, including those in the new proposed delegated act. Can develop a monitoring plan based on the information needs of different stakeholders. Have practiced analysed the relevant indicators, including those of the horizontal priorities.
Additional information:	Activities: The majority of the time during the event will be dedicated to working in small groups on concrete tasks related to setting indicators, exchanging views and knowledge on the understanding of impact, and sharing experiences with monitoring. In addition, participants will be provided with a theoretical framework and supporting materials. Sufficient time will also be allocated for networking.
