

# SALTO Education and Training TCA Resource Centre - IT Platform plans 2019

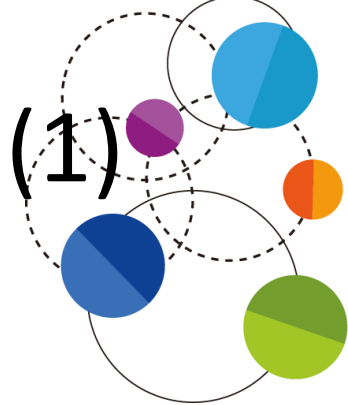

Kriszta Molnar (Mihalyi)

Head of Unit

Tempus Public Foundation, Hungary

E&T TCA WG meeting - 24-25 September 2018, Budapest

# Process of Platform development (1)

## Desk research (before the application and Jan-Febr):

- E&T TCA working group meetings minutes
- NA directors' informal meetings minutes
- SALTO-Youth website

## Interviews (March- April):

- Online meeting with WG members
- SALTO-Youth colleagues

Specification 1st draft (April)

Reviewed by: working group; advisory group; Commission

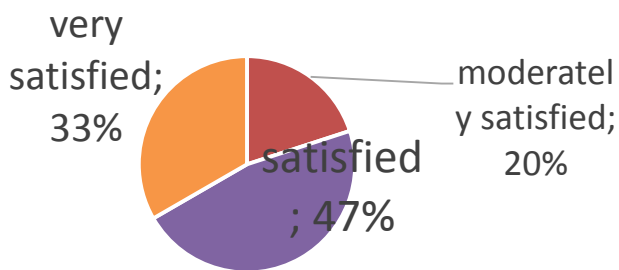

Platform test version launched for the NAs for feedback; online survey (June);  
processing survey results (July)

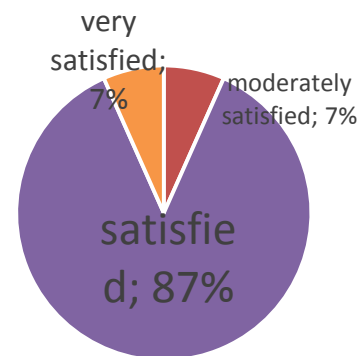

Password protected part launched for NAs (September)

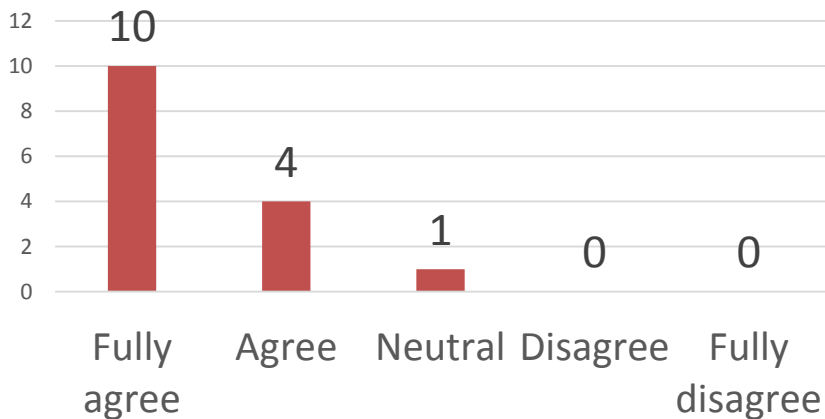

### To what extent are you satisfied with the layout and visual appearance?

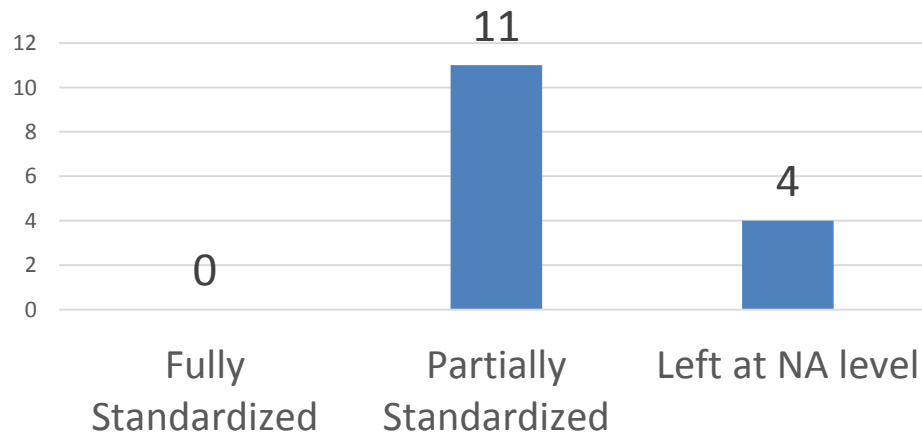

### To what extent are you satisfied with the menu structure and the content?

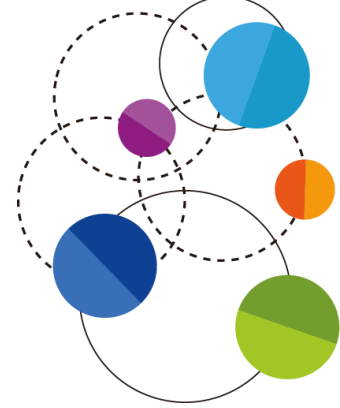

### The online application form should be standardized, but NAs can add extra questions

### Standardization of selection criteria

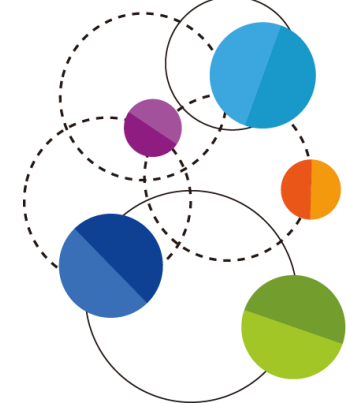

# Online survey results' summary

- 15 NAs completed fully; 2 NAs gave written feedback after deadline
  - approx. half of the NAs responded
- 80% satisfied or very satisfied with layout and visual appearance
- 93% satisfied or very satisfied with menu structure and content
- **TCA officers and NA staff user shall be differentiated (directors not)**
- **Application of individuals was preferred to that of institutions (but almost 50-50%)**
- **Online application and selection should be partially standardized**

# Phases of development

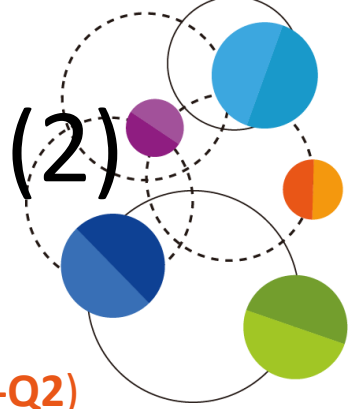

IT Platform development logic follows the **TCA life cycle**:

**planning - promotion** / **selection – realization** / evaluation – follow up  
Phase 1 (2018)                      Phase 2 (2019 Q1, Q2)                      Phase 3 (2019 Q3)

# Process of Platform development (2)

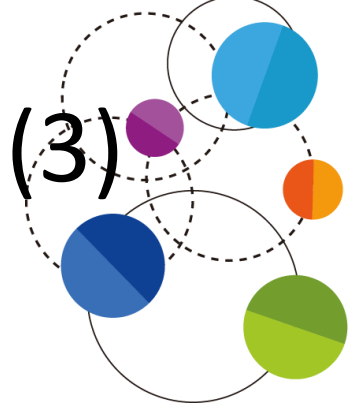

**TCA life cycle2: application, selection, realization functionalities (2019 Q1-Q2)**

TCA life cycle3: evaluation, follow up functionalities (2019 Q3)

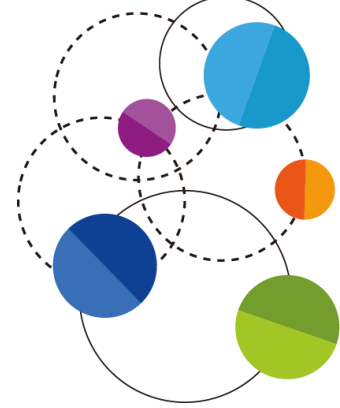

- online application, selection (forms and functionalities)
- functionalities supporting the realization of the TCA (uploading programme, group messaging to participants, etc.)
- evaluation and follow up (forms, guidance)

# Process of Platform development (3)

Additional support for the NAs via the Platform in 2019:

- In documentary section: Package for newcomer TCA officers (guidelines, FAQ, [online induction training](#))
- structured, searchable collection of TCA results (uploading continuously 2014-2018)
- Good practice TCAs corner
- Pool of experts
- TCA statistics (past from the EAC Business Object Reporting – 2018 Q4)
- TCA statistics from the Platform – from end 2019

# Questions, comments?

*Thank you for your attention!*

**Kriszta Molnar**
