Search function

Website content as a representative of an NA

Recommendations received regarding general website functions

List of events

- reach with one click
- exportable

Application 2.0

- standardisation
- simplified application for virtual TCAs

Reserving places extra

- be able to add contact email of the reserving person

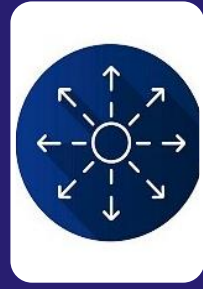

Additional export

- registered applicants
- TCA officers' list

Event page update

- include EPlusLink title
- possibility to add external url

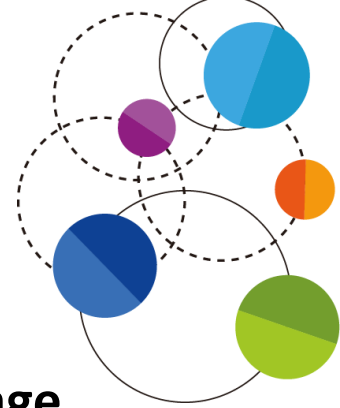

Promotion & resources

- motivating beneficiaries: photos, video content
- share E+ KA references and project types TCAs are supporting
- connect website with SM channels

Structure of the event

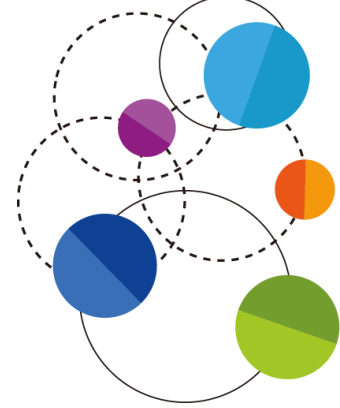

Fields of the event page

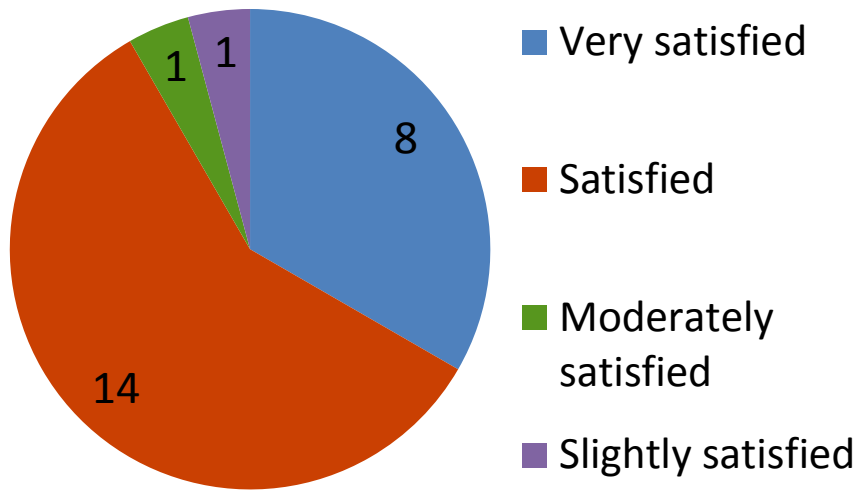

Website survey results

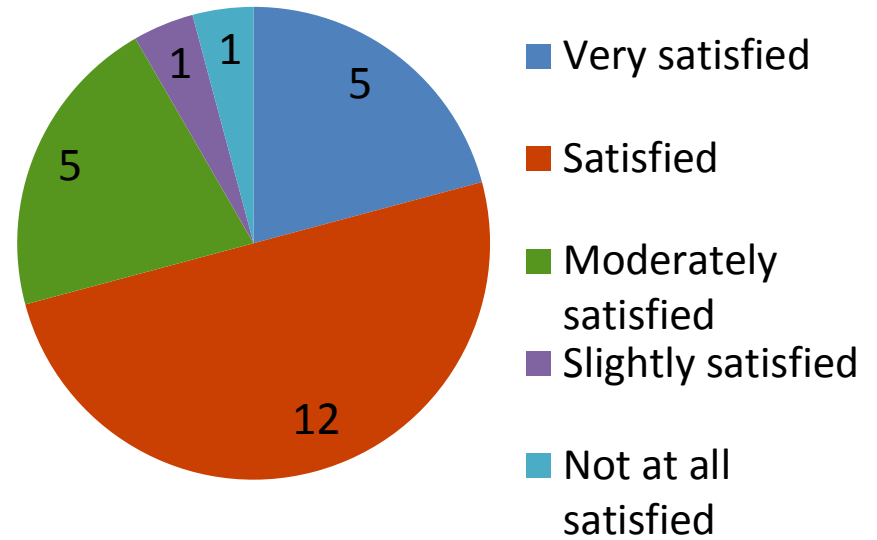

TCA event page

Creation of new event

Event PDF export

Recommendations received regarding TCA event page

Update TCA description

- more structured description fields could lead to more detailed info about TCAs

Possibility to create & share Call for participants

- PDF export is good, but this would help NAs a lot

Contact of the person who's created the TCA

- name and email

2 versions of event export

- applicants – light export
- NA members – detailed one

Dates in internal status

- not to have compulsory date fields in planning phase
- possibility to say i.e. Q2 2020

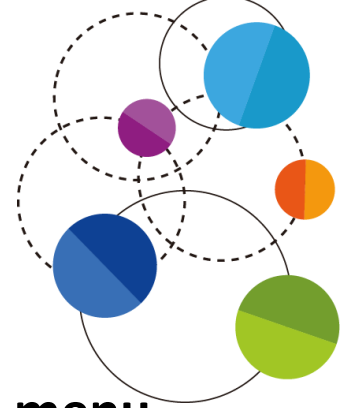

Other event download options

- Need for exporting event details in Word
