

Workshop on Assessment of learning outcomes of TCA participants, evaluation and impact of outcomes of TCAs

19-21 October 2020

Dear Participant,

We are looking forward to welcoming you to the **Workshop on Assessment of learning outcomes of TCA participants, evaluation and impact of outcomes of TCAs** which will take place on **19-21 October**.

On **Monday** we start at **12:45** and finish at **15.30 (CEST)**.

On **Tuesday** we plan to get together **from 9.45 (CEST) to 15.30** in the afternoon.

On **Wednesday** we start at **9.45** and finish at **12:30**, but those interested in the **Follow up session of TCAs going online course**, please stay with us for another hour and a half **from 14:00 till 15:30**.

We have prepared a dynamic, central information and programme Padlet to provide quick access to the background materials, IT joining instructions, agenda points to follow during the meeting and to get relevant information from one source.

[Please find the central information and programme Padlet here.](#)

There is a wealth of information there, including:

- *Workshop background and aims*
- *Useful resources*
- *Training team bios and delegate information*
- *Jukebox links, Technical instructions, planned programme*
- ... and much more!*

We know this is a busy time for all but we recommend that you take a coffee and allow yourself 15 - 20 minutes to review the information ahead of Monday.

This will help you to get the most out of the workshop.

The main aim of the meeting is to support TCA officers in sharing existing practice with each other on three fields

- assessment of learning outcomes of TCA participants
- evaluation of the outcomes of a TCA
- measuring impact of the outcomes of the TCA

By doing so we would like to help TCA planning for 2021 as you wished – amongst others - on the evaluation sheet of the TCA officers follow-up event: “training on how to make TCAs more appealing to participants and more impactful.” We truly hope you will get inspired and find suitable tools for further planning the TCAs in the 2021/22 NA Work Programme.

Technical background:

The meeting will be held via **Zoom** platform which you can access by clicking on this link below.
