

TCA E&T WORKING GROUP AND TCA OFFICERS' MEETING

22-24 May 2019, Zandvoort aan Zee, NL

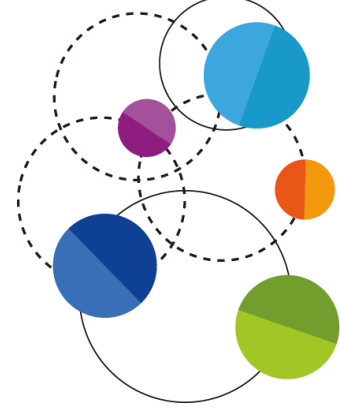

Collaboration and communication techniques (teaser)

Bertalan Peter Farkas
Head of Knowledge Centre Unit
Tempus Public Foundation

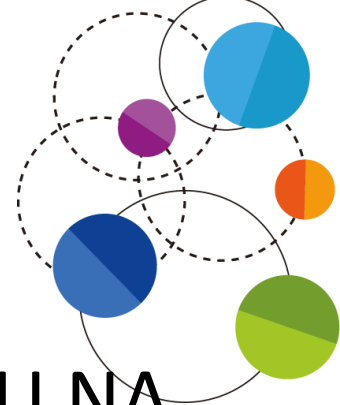

Why we are here? – Purposes

- Get to know some collaboration and cooperation techniques online
- Developing the know-how
- Get to know more on each other
- Have a try on some online collaborative tools
- Collecting ideas
- Do a kind of needs analysis of you concerning this topic

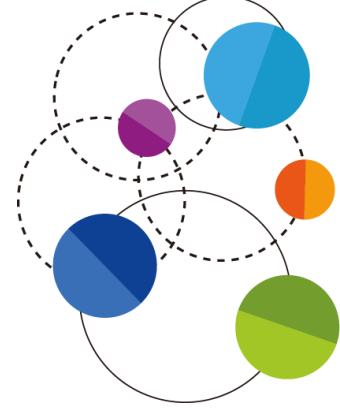

Why am I here? – Pedigree

- Head of Knowledge Centre Unit in the HU NA, Tempus Public Foundation
 - Developing and organising trainings
 - Support the learning organisation initiatives
 - Managing policy initiatives, e.g. collaborative learning etc.
- Trainer of ICT and collaborative techniques
- Very proud to be here 😊

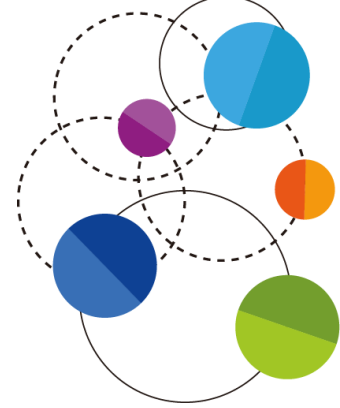

Why is it a *teaser*?

- Just a short and impressive look of collaborative techniques and ways
- Needs analysis of TCA Officers (so you are at the best place at the moment!)
- This teaser provides us information about
 - What to do during autumn trainings
 - How to do the autumn trainings
 - How does the trainings provide you more benefit

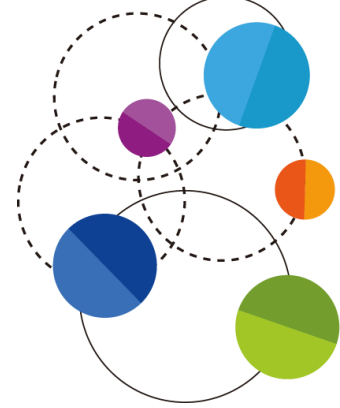

Practice & learning by doing

- Common map
- Connections in the cloud
- Voting online
- Word cloud online
- Brainstorming online and others 😊
- Questions? – Pose it a.s.a.p.! We'll help you.

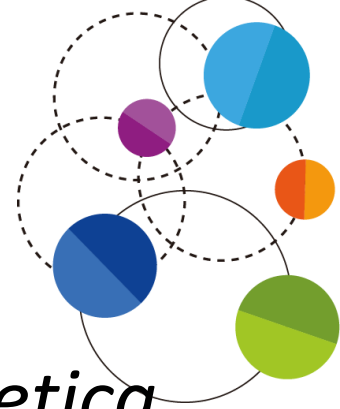

Creating a map

- Using Google Maps to create a team
- How to do?
 - Look at the display first 😊
- You'll need to do the followings:
 - Open: <https://tinyurl.com/tca2019map>
 - Put a pin to the map where you're working at (NA address)
OR type the address in the textbox and Add to the map
 - Write your name to the upper textbox (with bold)
 - Description box: describe your institution, your role, the sector you are involved, the TCA experience (briefly) and have some personal comments (hobbies, family)
 - Save your pin

Let's create connections

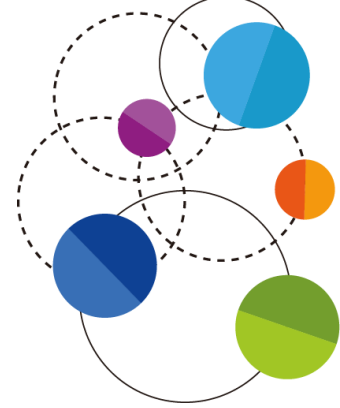

- The knowledge is in connections (*ars poetica of the Knowledge Centre*).
- Create connections around the table:
 - Open: <https://tinyurl.com/tca2019connections>
 - Look for, create and write down at least 10 very concrete connection points around the table
 - Family? Hobbies? Fishing? Woolwork? No problem!

Let's have an online survey

- Visit: [menti.com](https://www.menti.com)
- Type the code – see above
- Survey
 - 4 questions
 - Word cloud

TCA collaborative good practices

- Shaping new teams
- Focus on **collaboration**
- Keep in mind the aspects of the good practice presentations (from yesterday).
- Share ideas and practices
 - What are your existing practices concerning online (or offline) collaboration concerning TCA management?
 - In my practice it is usually used...
 - We collaborate with other NAs on... / with...
 - We can involve more people from the target groups with... / using...
- Open: <https://tinyurl.com/tca2019goodpractices>

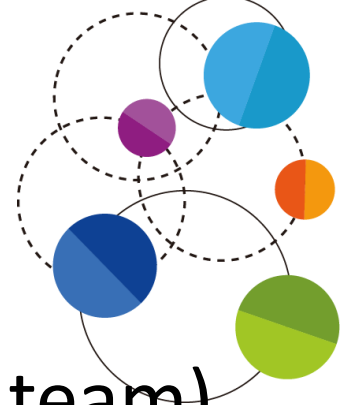

What is collaborative learning?

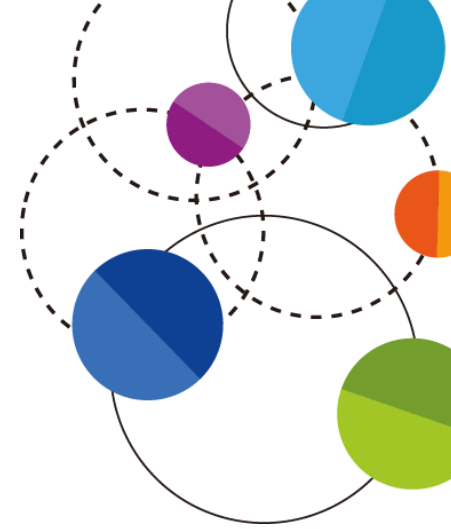

- The four features of collaborative teacher learning were formulated to guide the identification and examination of cases of good practice. These four features are:
 - participative professionalism
 - deep level collaboration
 - equity
 - deep learning
- Learn more at: <http://effect.tka.hu/en>

The ultimate needs analysis

- Let's shape new teams again (needed: 3 team)
- Core question is: **What kind of support you would like to have in connection with online collaboration to organise an effective TCA?**
 - Team 01 (Benefits): <https://tinyurl.com/tca2019benefit>
 - Team 02 (How): <https://tinyurl.com/tca2019how>
 - Team 03 (Wishlist): <https://tinyurl.com/tca2019wishlist>
- Have a discussion first, after that
- Write down all of your relevant ideas.

Collaboration and communication techniques

Thank all of you for your very active presence and
meaningful ideas.
