# Getting

Co-funded by the  
Erasmus+ Programme  
of the European Union

# Get set!

Accreditation is a part journey.

Getting accredited is neither the alpha, nor the omega. It is part of an ongoing journey of professional development and self-discovery, as an organisation and individuals.

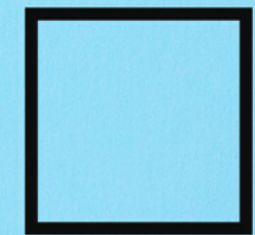

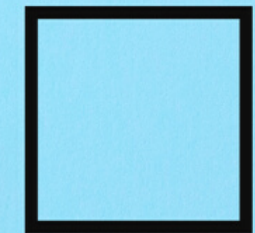

# Know yourself!

Where do we (you) come from? What are we  
(you)? Where are we (you) going?

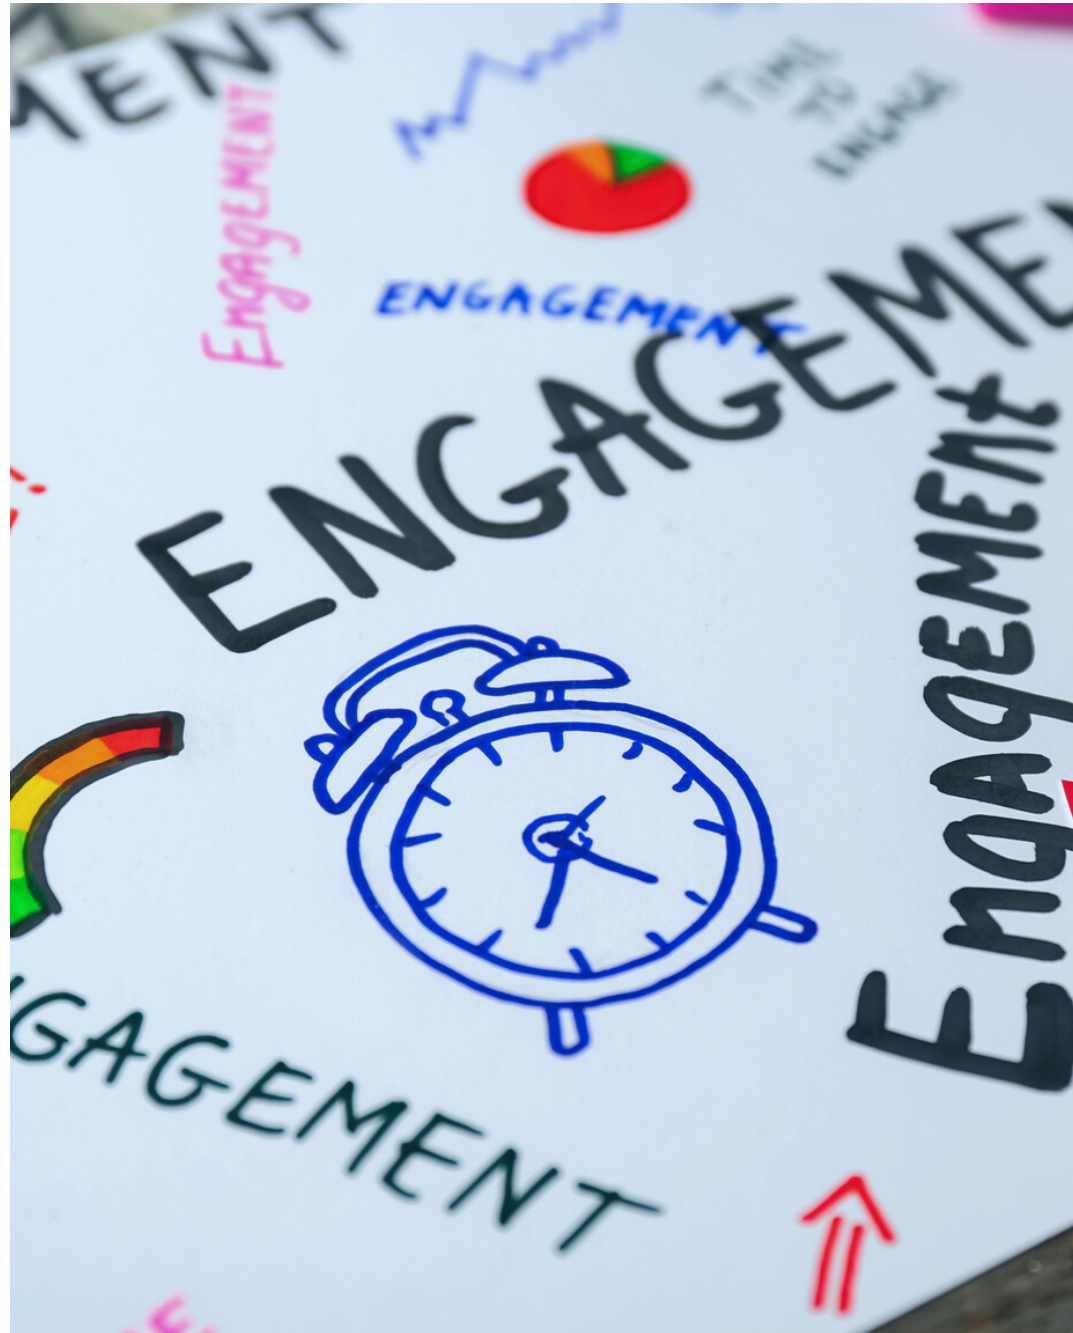

# Evaluate

Systematically and regularly evaluate your practices. Document the evidence and use it to support your actions and progress.

# Involve

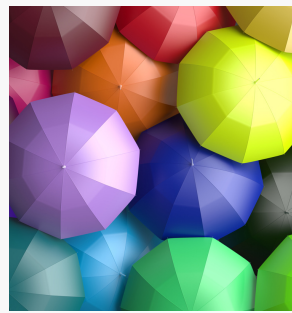

Get as many people as possible on board. Promote Erasmus+. Build momentum and enthusiasm. Inform. And oh! Have fun!

# Good Management

Ensure you have a well-oiled machine that can function without you (or almost). Do not micro-manage. Build a team and trust your people to do the job well. Invest in people and human relationships.

Diversity

# The E+ Plan

Be realistic. Be clear. Know what you want to achieve, how you are going to achieve, how long it is going to take you to get there and how you are going to check that you are actually getting there!

# Be Flexible

Things will happen.  
Allow for flexibility and  
change as your  
organisation grows and  
develops.
