## **Questions related to SALTO E&T Platform**

---

NÉVTELEN 2020. SZEPTEMBER 18., 14:22

## **As I understood it from the previous Officer's Meeting it is the wish of the Commission and SALTO that we ONLY use the SALTO platform when planning TCAs. I would love to do this as it would be great for everything to be done on one platform, but at the moment not all of the necessary tools/capabilities are available on SALTO in order to do this. Are there plans to remedy this in the new programme generation?**
